Space Clearing and Organizing

I believe that every woman craves peace and beauty in the spaces she lives in. I am NOT your ordinary professional organizer & I am NOT a minimalist either. I'm here to be your compassionate guide when you are ready to free yourself from the stress-cycle of clutter.

Visual & energetic clutter takes a toll on us- body, mind, and soul. Let's finally address the "stuff" that weighs heavy on you, lighten your load, and develop the intention for how you want your days and your life to feel. It can be daunting to declutter, which is why working alongside someone who understands and can hold space for your vision of Spaciousness is a wonderful, life-changing gift to give yourself...

I meet you where you are NO JUDGEMENT. We will tend to the piles, create storage and display solutions that are a fit for how you live, & uncover and begin to really honor the belongings that you love.

STRESS MELTS AWAY as we streamline and improve the flow in your surroundings. As we declutter, we re-discover your treasures and touchstones- items that reflect who you are at a soul level.

It's about harnessing what you find beautiful and capturing the essence of what delights you - while creating ease, order, and energy in your rooms.

Together we ORGANIZE AND BEAUTIFY all of the areas in your home CREATING SPACE for you and your loved ones to RE-CONNECT TO WHAT MATTERS MOST -free from the un-tended clutter at last!

Imagine what simplicity, ease, and flow feel like for you... and let's get you on your path...

Space Clearing and Organizing

60 MIN IN-HOME OR ONLINE CONSULTATION TOUR OF YOUR SPACE

\$50 [PAID IN ADVANCE]

This is the fun part... where we open up to the possibilities for your space and belongings. We discuss lifestyle and function of each room or space- as well as aesthetics. We feel into the energies of your rooms and identify “stuck” or “heavy” spaces that need attention and love. If there is a need or desire for supplies to set up systems, we’ll create a game plan so that we are prepared with everything needed for our clearing sessions. I’ll design organization systems to keep the space tidy, beautiful, and well-tended long after we complete our project.

SPACE CLEARING & ORGANIZING

\$75 PER HOUR [3 HOUR MINIMUM]

Whether Virtual or In-Person, these wonderful sessions (3 hrs per session) are where we execute the plan. Client's needs will dictate how and when we connect during their project. Some may choose to work in tandem with me during the entire sorting/purging process; some may prefer to have me present for support when planning the next area to work on- and then continue sorting on their own and checking in periodically; many may require extra cheerleading and support during the decision making (purging) phases of their project.

Each individual or family is different- we'll find the method that is the most fun, comfortable, and effective for you! In every situation, once we eliminate what is not needed or loved in your space- the gold of the things you love most will be uncovered. Then we go forward into displaying and organizing **ONLY** the things that matter most to you in a beautiful and orderly fashion- **WHICH FEELS LIKE MAGIC!**

While I'm happy to work on an hourly basis, for most projects it is more cost-effective for my clients to pre-purchase Session Packages to secure volume discounts. Bundled Session Packages are outlined on the next page.

ALWAYS INCLUDED WITH SPACE CLEARING & ORGANIZING

- The complimentary initial call to discuss your needs and vision of Spaciousness

SHOPPING ASSISTANCE FOR ORGANIZING SUPPLIES

I'm happy to shop for the supplies to organize and contain items in the areas we work on at my hourly shopping rate. The cost for supplies is extra. If I purchase them on your behalf- I'll provide you with a receipt for reimbursement. Otherwise, Clients may choose to order/gather/have delivered the supplies/containers needed prior to our scheduled organizing session.

Getting Started

SIMPLE STEPS TO GET STARTED...

STEP 1:

Let's get together for a Complimentary call. [apply here](#) and tell me about your frustrations, goals & challenges. Taking a moment to [fill out your form](#) will assist me in knowing your vision of Spaciousness before we meet. I'll respond within 24-48 hours so we can schedule your call and dive in.

STEP 2:

Once you've decided you're ready to kick the clutter to the curb permanently, we'll schedule a 60 Minute Consultation (In Person, or Virtual) where I'll join you in your space, tour the areas that weigh on you, and together we'll discover your intentions, plan and prioritize your project.

STEP 3:

Next is the FUN PART, we schedule sessions where we then execute the plan!!! Sessions are two part:

SORT & PURGE: Simplify the belongings you most use and love. Some choose to work in tandem with me during the entire sort/purge process; some prefer to sort alone, and then to have me present for support during the decision making (purge) phase only.

ORGANIZE & SIMPLIFY: Once what is not needed or loved in your space IS GONE- the GOLD of the things you ADORE most will be uncovered! Now we contain, organize, and display ONLY the things that matter most. Creating SPACE for the life and energy you desire NOW.

Wallpaper Magic

Wallpaper is an incredible way to express your creative personality in a space. It can literally feel like magic! It is a beautiful way to create a new feeling in a room.

I first learned wallpaper installation in college- over 30 years ago and I immediately fell in love with the way transforms any room.

What feels more Spacious than a beautiful pattern in just the right spot?

To me wallpaper is MAGIC. It is art- a bold statement that offers immediate gratification- and always makes a space SING!

With all of the forms that paper comes in now- adding texture, mood, pattern, and color has never been more impactful.

Pair the right paper with an area that you want to feature in your living or workspaces- you will be so glad that you did!

I am happy to say that wallpaper has resurfaced in designer and home decor circles as a “must do”.

No need to tackle this yourself. I consider wallpaper installation an art form. I take my time to do the job as I would in my own home- with care and attention to detail.

If you have a vision for a space that you want to make real... reach out- we can discuss your project and create a plan today.

I will be honored to create Wallpaper Magic for you.

Family Legacy

My mission and my passions are around providing life-changing services that help you to reconnect to what matters.

First and foremost, the moments of our lives with the people and pets that we most love are at the top of that list.

It makes no sense to leave Family Memories (photos/ keepsakes) tossed away in boxes that will never be accessed.

Many clients find that as we declutter we unearth family treasures that they'd like to honor in their living spaces. Many need additional help to cull, curate, & create beautiful heirloom pieces to preserve their Family's Legacy. Photographs, documents, and special objects don't belong in boxes, they belong out in the open to be shared, viewed, and celebrated!

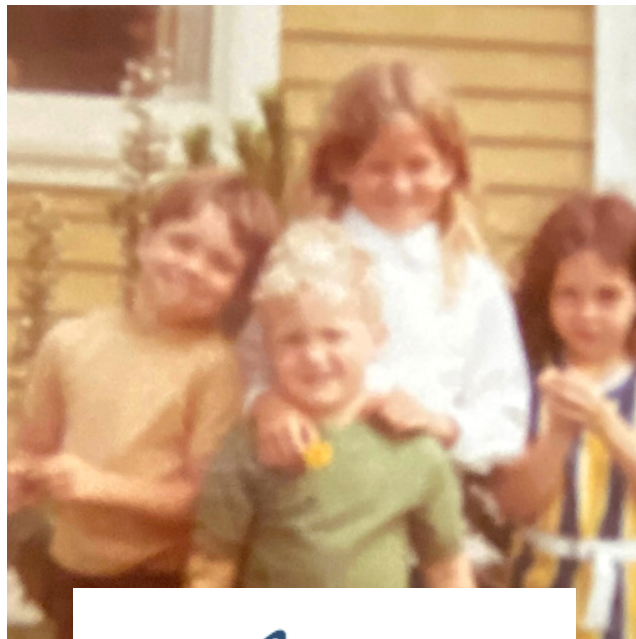

Some desire specialized services to create ways to display or to retain photos and other treasures together. Please inquire about Family Legacy Services such as:

- One of a Kind Keepsake Preservation Boxes
- Personalized Memory Boxes
- Childhood Memory/Schoolwork Files
- Custom Photo Collages
- Shadow Boxes

Preserve your memories of moments and the special occasions of your life now.

We can honor your treasures- and turn them into works of art to be enjoyed for years to come.
